REVISED REPORT CARD SYSTEM GIVES PARENT CLEARER PICTURE OF CHILD'S ACHIEVEMENT

Next week children of the Campbell Elementary Schools will take home their first report cards of the 1950-51 school year. Parents new to the district, and perhaps some older residents, will scratch their heads as they look them over thinking, "They weren't like this when I went to school."

They are right, of course, for just as schools have changed in the last quarter century, so report cards have changed, too.

AVERAGE ACHIEVEMENT

In the past a common method of reporting a child's school work was to rank him according to the average achievement of the class. On this basis, the child of average achievement was marked C. Those accomplishing more or doing better quality work were given B or A grades. Those below average were listed as D or F students.

This may have been a fair report for a child of average achievement, and it gave some recognition to good and outstanding students, but the child who started a grade with a deficiency in some skill, or who lacked the scholastic ability of some of his classmates ended up, nearly always, on the D or F side of the ledger no matter how hard he worked, or what progress he made from his starting point.

In breaking away from this tradition many schools went to the opposite extreme. No comparison was made to the work of other children, or to an objective standard. Children were checked only on their own growth. The result gave a fairer report for some students, but the lack of objective standards caused confusion for parents and teachers alike.

COMBINED SYSTEM

The report card now being used in the Campbell Union School District is an attempt to use the good points of both systems. It was worked out in the Spring of 1949 by a committee of parents and teachers headed by Helen Peterson, a special teacher for the district. In the spring of 1950, the same committee evaluated the report form after a year's use and made some changes in the manner of marking the form.

The left side of the form covers what in the older type of card lumped under the term "deportment." It is much more specific, however, and also evaluates more character and behavior traits than the old term. Teachers stress the importance of this side of the report card. Success and contentment in later life are not products of scholastic ability alone.

The report on scholastic work at the right side of the page has four columns: Excellent, Good, Satisfactory for this child, and Unsatisfactory for this child.

The child marked Excellent or Good in a certain subject or skill is being ranked on standards for his grade level. Children doing average work, or working to the best of their ability, are marked in the third column.

A mark in the third column may mean one of two things—that the child is doing average work on his grade level, or is below grade level and yet working to the best of his abiltiy and showing satisfactory progress.

A mark in the last column means that the child is not working up to his capabilities. His grade in a test might even be higher than another child who is marked in the "Satisfactory" column, yet if the teacher feels more can be expected of him, he may receive an "Unsatisfactory" on the report card.

TEACHER CONFERENCE

"But how," the parent asks, "can I know just what the mark in the third column means?" The parent can find out by a talk with the teacher. Many teachers write some note on the report card to explain an unsatisfactory grading. In all questionable instances, parents are urged to evaluate the child's work and discuss his progress with the teacher.

In discussions of report cards this spring, parents and teachers of the committee emphasized that the report form alone is not enough. To make it meaningful, there should be some comment or personal contact betwteen parent and teacher. To meet this need the schools have arranged group conferences on various grade levels throughout the year. When there is a definite need individual conferences can be held with the teacher on special problems of individual students.

The Campbell report form is still an answer to the old question "How is Johnny doing?" but it is also an attempt to make the answer more specific, and more useful.

Grim said the following articles may not be accepted: tobacco in any form, securities, precious metals and currency.

Faculty Member Tells Rotarians Of Europe Tour

Jim Wallace, member of the Campbell Union High School faculty, spoke on "Scratching the Surface of Europe" for the Rotary Club meeting Monday noon of last week in the IOOF Hall. Wallace, who toured western European countries earlier this year, gave interesting sidelights on the peoples, customs and trends of the various nations he visited.

Frank Vance of the Credit Bureau and Merchants Association of San Jose was the speaker at last week's meeting, covering problems on credit selling.

This week Chairman Fred Jones Jr. presented a film produced by the Goodyear Rubber Company. On the following week, Dobie Jeffers has scheduled a musical program to be presented by Frank Triena and the Campbell Union High School orchestra.

L. J. Hill Attends CTA Bay Section

Laurance J. Hill, superintendent of the Campbell Union High School District, attended the meeting of the Bay Section Council, California Teachers Asociation, Saturday in San Francisco.

At this meeting, Mrs. Louise B. Gridley, teacher counselor in Berkeley High School, was named executive secretary of the Bay Section. The council represents 15,000 teachers in 13 counties comprising the Bay Section. Mrs. Gridley replaces Dr. Wallace W. Hall, whose resignation was accepted by the council because of his recent election to the office of Marin County Superintendent of Schools.

The council also considered legislative proposals to be submitted to the California Council of Education when it meets in Los Angeles, December 8-9, at which time the 1951 legislatiive program for the CTA will be specifically formulated.

Forty Cub Scouts of Pack 9 of Campbell were guests of the Navy at Moffett Field on Armistice Day. The boys had an exciting time and their leaders reported they were a credit to Campbell. The pack is sponsored by the Campbell Congregational Church. Floyd Brown is the cubmaster. The trip to the Naval Air Station was arranged by Mr. Yancey Williams. Above, the boys are shown on the ramp of the Constitution. To the left, the pack members tested the seats of the Constitution and enjoyed a rest before continuing their tour.

Signal For Safety Driver Campaign Gets Underway

Justice of the Peace Martin S. Walsh of Campbell Township attended the kickoff dinner Tuesday evening opening the "Signal for Safety" drive instituted by the San Jose-Santa Clara Chapter of the National Safety Council.

Object of the drive is to institute an educational program on use of arm or mechanical signals by all motorists. The drive will continue throughout the county for two months. Committees are being organized in the various county communities.

Dave Sanders heads the Campbell Kiwanis committee which includes Constable Ethan Lanphear, Milton Nelson, Clifford McCoy and Judge Walsh. The local Kiwanis club has endorsed the safe driving program and Sanders is currently making plans to invite another local organization to participate in the Campbell campaign.

The committee will make its report on the conference at a public meeting next Wednesday, November 29, at 8 p.m. in the little theater at Campbell Union High School.

Meanwhile, a public hearing on formation of the district has been scheduled before the Board of Supervisors of Santa Clara County at 2 p.m. Monday. Opponents have been assured that the hearing will be postponed at that time until December 28 at 10 a.m.

Xmas Decorations Being Installed In Business District

Although last week's heavy rains delayed installation of the Christmas decorations for downtown Campbell streets, the job was started this afternoon by the Nelson Electric Company of Campbell, which was awarded the contract by the Chamber of Commerce.

To date 58 business and professional men and local concerns have contributed $350 toward cost of the annual project, Secretary-manager Forrest Reese announced today. All those businessmen who have not been asked to contribute are requested to do so as soon as possible. Phone Campbell 3442 and the chamber will send around a representative to make the collection. Reese urged the merchants to dig deeply into their pockets, as cost of the project is estimated to cost $7 per merchant.

Hospital Board Samples Public On Bond Issue

West Valley Hospital District representatives posed a question to Los Gatos Kiwanians last week whose answer may well determine future of the hospital district and its building program.

Board members asked the Kiwanis club members how they would feel about a bond issue to finance the hospital construction, and the result was a 34 to 4 approval of such a proposal.

Harry Whiteman, representing the hospital district board, said a $500,000 bond issue would cost the average home owner about $2.66 per year for a 10-year period.

A general tax to finance the construction would cost an estimated $2.80 per year. A third proposal would be the establishment of a special assessment district, he said.

State Hospital allocations board has denied applications of the board for federal and state appropriations to build the hospital, since the district was included in the San Jose area which has received allocations.

West Valley Hospital district already has purchased a building site near Vasona junction, but the funds are still required for the hospital itself.

Volunteers Aid For Blood Bank

A local women's organization which volunteered its services during the mobile blood bank visit next Monday, received commendation of Campbell Blood Procurement Chairman J. F. Levenberg today.

Levenberg, in a statement to the Press, said Mrs. George Miller of the Campbell Community Club, had called on him with the request that she and her fellow members be assigned work which will further the blood procurement program in this community. "I can't tell you how much this means to the blood bank and to me, personally," said Levenberg, "to have this group of civic-minded women step up and volunteer their services.

"The blood bank will be here Monday, November 27, from 11 a.m. to 2 p.m. at the Methodist Church parish house on Campbell Avenue. Through the aid of the Campbell Community Club on telephone work, we hope to make more than our quota of 75 pints of blood to save the lives of our servicemen overseas and citizens here at home."

FIVE AND DIME IS NEW CONCERN ON CAMPBELL AVE.

Mr. Seligson was formerly with a large San Francisco candy concern. He is looking for a residence in this area and hopes to have his wife and two children join him in the near future. The family, now living in San Francisco, includes Mrs. Seligson and their two boys, Gordon, 6, and Paul, 10.

Blood Bank To Seek 75 Pints During Visit Here Monday

Life-Saving Blood Needs Increased By Heavy Toll Of War In Korea

At least 75 pints of blood, 100 if possible, will be asked of this community next Monday when the mobile unit of the Regional Blood Bank pays its periodic visit to Campbell. The mobile unit will be set up at the Methodist Church Parish house where volunteer donors may give between the hours of 11 a.m. and 2 p.m., Campbell blood procurement chairman J. F. Levenberg has announced.

Members of the Campbell Community Club who have volunteered to help with the blood procurement program, will endeavor to contact every telephone subscriber in the Campbell area, urging that his family be represented at the blood bank on Monday.

Appointments may be made by phoning Mrs. George Miller, Campbell 416, or Levenberg, 2555.

NO FOOD

All donors are reminded that they must not eat any food for four hours immediately preceding the donation. Black coffee is permissable.

Published recently in a Bay Area newspaper was a story of the war wounded who are now beginning the slow days of recovery at Oak Knoll Naval Hospital. One youngster of 18 is alive today, the story reported, because 13 pints of lifegiving blood were supplied him. He and 15 others in ward 41-A were saved by a total of 85 pints, or an average of better than five per man. Fourteen pints saved another life, seven pints of blood saved another.

The story ends by saying that these boys know Oakland failed to meet its blood bank quota by about 500 pints in a recent month. It could also say that Santa Clara Valley was short by about 700 pints in September, and Campbell's quota of 75 pints, only netted 63 pints when the mobile unit made its last visit.

"Thanks to Hunt's Cannery workers we almost made ours," commented Levenberg in telling of the newspaper story.

To help meet the Korean War and home front preparedness emergencies, an appeal is being made to all service, civic and fraternal organizations in Campbell to cooperate with the Red Cross in securing pledges for blood donations.

Pledge cards are available. Further information may be obtained by phoning either Mrs. Miller or Levenberg.

By JERRY THOMAS

ONLY THE BEGINNING . . . To say that the Campbell Bucs had a disappointing football season would be putting it mildly. That is until one considers and analizes rationally the set-up that faced Coach Jim Muir in his first year as head mentor.

The Bucs were hit hard last year when such star players as Del Ambler, Cluck Taylor, Dudley Herschback and Pete Young were graduated.

Incidentally, Ambler, through his play for a winless San Jose State frosh eleven, is expected to figure heavily in future Spartan varsity grid plans, according to a college press bulletin.

With the nucleus of the Buc team gone, Muir arrived on the scene, only to find the majority of his squad-to-be lacking in actual game experience. In fact, 14 out of his 33-man varsity crew had never played on any organized football team before this year.

Despite this greatest of all handicaps and the seasonal record not withstanding, Muir has brought the club a long way. We are not attempting to pussy foot and soft soap anyone at anytime.

But as the man with the telescope said, "See for yourself". We can readily see for ourselves by examining the facts such as they are.

In fact, we can take as fact or common hearsay the statement made by a certain athletic director of a SCVAL school. He considers the job done by Muir and his staff in the latter stages of the season as a highly commendable one.

This gentleman also said that from what he has seen thus far this year he expects the Buc football machine to be one of the strongest in the league within the next few years.

Let us now consider the recent game between the Bucs and Santa Clara, unbeaten SCVAL champs, and one of the powerhouses in Bay area high school football.

The Panthers in copping nine straight games allowed one team to score more than one touchdown. And that team was the fast-learning green Campbell squad. The Bucs tallied three times in a torrid second half that found the Mission Towners scoring only one.

Following the game, the Panthers readily admitted that the Bucs were the toughest team they faced all year, so far as second-half play was concerned.

It has been stated here previously that the Muirmen outgained and out-first downed several of the teams that defeated them.

Such was the case against Washington high and Bellarmine. But that old nemesis, inexperience, loomed its ugly head and caused many technical errors of commission and mental errors of omission to turn the tide of play.

On the way home from yesterday's game we overheard two Buc students discussing the game and the season as a whole.

What one lad said sums up quite adequately the progress made by Coach Muir and his able assistants, Junior Morgan and George Miskulin.

"'Even though it's tough losing so many games, you gotta admit that the Bucs played some good football, especially the last four times," the candid youth told his buddy.

TV OR NO TV . . . With television blamed for the great decrease in gate receipts of certain sports, many sports-minded TV owners are concerned over the possibility of their favorite sport not being televised.

In fact, many of them have been quoted as being willing to pay for a telecast of sports events.

Just the other day we received a report on a survey made of television owners. Approximately 3000 TV owners in Los Angeles, San Bernardino, San Francisco and the Bay areas were interviewed concerning television, its problems and its programs.

One question that especially caught our interest was "How much would you be willing to pay for a telecast of the sport you enjoy most, if not available by sponsored TV?"

According to San Francisco and Bay area reports (certain number of Campbellites included) 37% of the people polled stated that they would be willing to pay $1.00 or more for the privilege of viewing their favorite sport.

Since the question was asked suddenly, many TV owners were caught without an answer. Only two per cent stated outright that they were not interested at all. Forty per cent did not give any answer, indicating a degree of interest in paying for a sports telecast, although they could not determine the exact amount offhand.

Another 12 per cent said they would be willing to pay from 50 cents to a dollar.

Just exactly what this proves or disproves we leave up to you.

As for us, we still take an evening of pinochle. A game of double-decked canasta is for people with big hands.

Basketball Practice Reveals Potential In Several Bucs

With a week of basketball practice on the boards, Coach Bert Robinson is slowly getting a line on the some 55-odd hopefuls out for the Buc varsity and 30's team

First call Saturday found 25 men reporting for varsity play. "But we'll have at least twice that many when football season ends," Robbie said.

Opening practice sessions were confined to intra-squad scrimmages. Coach Robinson explained, "This way, by watching these semi-game exhibitions, I can get a good sample of each player's ability."

During the impromptu tussles, the coach watches and notes the manner in which a lad handles himself in a scramble, how he handles the ball, and his overall hardwood savvy.

Robinson singled out three varsity aspirants who showed to good advantage this past week.

Jack Bray, according to the coach, should help the Buc cause no end this fall. The springy center, up from the 30's, is a consistent hustler, drives hard and posesses a nice left-handed jump shot.

Another graduate from the 30's ranks that has impresed the coaching staff is Frank Mantia, crafty guard.

Thus far he has shown himself as a capable ball handler and smart play-maker.

One of the taller boys on the squad, Stan Gazay, a 6' 1" guard, has revealed some promising potential. Robinson said that if Gazay continues to develop accordingly he will be an answer to one of Robbie's many problems.

Both teams practiced this afternoon with the turnout increasing daily.

Some 31 eager ones answered roll for the 30's squad. So far, the two players that have shown the most are the Barton brothers, Tom and Ted. These two forwards are hard pressed by several additional men that may blossom out any day.

As expected, Robinson discovered an extreme lack of height on both clubs. He said that he will drill them with the emphasis on speedy fast-break plays.

Buc Eleven Loses Thriller To Los Gatos, 27 to 20, As Belated Rally Falls Short

Thoroughly outplayed in the second half, the Los Gatos Cats staved off a rejuvenated Campbell attack to eke out a 27 to 20 win in yesterday's annual Thanksgiving grid battle.

A capacity partisan crowd yelled themselves hoarse at the local field as Coach Jim Muir's eleven fought back from a 27 to 7 halftime deficit to completely dominate play in the final two quarters.

Led by the sparkling defensive play of End John Hoover, the Bucs scored twice in the last half while holding the visitors scoreless.

In fact the Cats were so definitely stymied that they didn't penetrate within the Buc 40-yard line.

Yesterday's tussle finished the season for the local club. Under Coach Muir's first-year reign, the Buc squad posted a record of one win and seven losses.

In SCVAL standings the Bucs finished in a three-way tie for last place (or fifth place if you so choose) with Fremont and San Jose Tech.

Hoover displayed one of the finest bits of defensive play seen this year. He blocked three punts with one resulting in a touchdown as the ball was recovered by a Buc in the end zone.

As was the case in several of their games this year, the Bucs were shakier than a holiday pudding in the first half. The Los Gatos backs found the Campbell line to be consistently porous as they darted for lengthy gains.

Whatever Muir said to his charges during half-time certainly revived the Bucs no end.

The field was in fair condition considering the weather of the past nine days. With the permanent stands filled with Buc students and the more fortunate fans, many had to witnes the close contest from the sidelines. The visiting student body and their cohorts crammed into the temporary bleachers long before game time. Both sidelines from the 20-yard lines up were crowded with the overflow.

Campbell won the toss and chose to receive the opening kick-off. Frank Calabray soon was forced to kick as the Buc offense refused to jell.

The Los Gatans likewise went nowhere fast and their fourth-down punt was partially blocked by Hoover. But the locals, with the ball on their 40, again were stopped. Then on fourth down, Calabray went back in punt formation. The pass from center was high and rolled back to the Buc 15-yard line. Calabray tried to run with the mutinous ball but was thrown on the 11.

In three line plays the Cats got down to the five. On the next play, B. Pierce split the tackles to score standing up. Dick Whiteman's try for extra point was good.

The Bucs took the kickoff and marched 69 yards to a touchdown. With the ball on their 31 the Muirmen started to move. Bob Saia took a hand-off from John Perata and shimied his way 27 yards to the Cat 42. It was Saia for seven more on a quick opener. Then Charlie McBain circled his left end to the 20. Calabray bulled his way to the six. McBain got three and Saia went to the one-inch line (we measured).

Calabray then piled over for the TD. Al Yamashita's kick was good and the score read:: Bucs 7, Cats 7.

Yamashita's kickoff was returned to the Cats' 28. With the defense drawn in tight, Halfback J. Darnell turned his right end and ran to the Buc 10-yard line. Fullback D. Lee powered to the one and on the following play Lee scored. Whiteman again converted to make the score 14 to 7.

A Buc fumble led to the Cats' third score. Calabray on a line play was hit hard with the ball going one way and the ball carrier the other. Los Gatos recovered on their opponents' 35.

On the first play starting the second quarter, Halfback G. James found the Bucs' vulnerable flank wide open. He scampered all the way without a hand touching him once past the line of scrimmage. The pass from center was high forcing Whiteman to run instead of trying for his third successful extra pointer. He was smeared in no uncertain manner and the score remained 20 to 7.

The Bucs put the ensuing kick-off in play on their 39-yard line. Saia made 11 yards through the middle. The rugged halfback, with all the finess of a willodw o' wisp, was hit three times before being pulled down from behind. McBain went for nine more on a power play. On a quarterback sneak Perata made six. A pass intended for Hoover just missed, the ball sailing a few inches over the reaching end who got in back of the secondary.

Then Perata tossed one to End Howard Kaeding who made the catch of the game, stretching high between two defenders to grab the ball on his finger-tips. Just as the Buc attack started to click for the second time in the first half a costly off-side penalty nullified all hopes.

On a fourth-down buck by Calabray the Bucs missed a first down on the Cat 29 by the width of a water-logged noodle.

Finding the Campbell defense rugged on their ground plays the Cats utilized a series of pass plays that carried them to the Buc 8-yard line. But a fumble was eagerly bounced upon by Dick Gleed, Campbell guard.

After three fruitless plunges into the line Calabray was forced to punt. Lee brought the kick back to the Buc 18. Quarterback R. Rovai completed a short one over the middle to Lee on the four. Then Rovai threw a touchdown pass to his end, J. Wagner. Whiteman made his third try for point good. The score now was Los Gatos 27 and Campbell 7.

This ended the first half and any supremacy that Los Gatos had held.

As stated earlier, the second half had Campbell on the move and the Cats losing their lives, one by one. But they managed to retain that final important skin that meant victory.

Hoover started things off on the right foot by blocking a Cat punt. The ball rolled free into the end zone and Saul Estrada fell on it for six points. Yamashita's try for point sailed wide. Score: Cats 27, Bucs 13.

Once again the Bucs kicked off to Los Gatos. When their offense remained stagnant the Cats kicked. And once again Hoover, with the monotony of a leaky faucet, broke through to block the punt on the Cat 23.

The Bucs drove within the 15-yard line but bogged down when Perata was thrown for a loss as he faded for a fourth-down pass.

Continuing to sew up one and all Cat plays the Bucs took over on their 39 following a Cat punt. Saia made a first down to midfield in two tries. A pass from Perata to Estrada netted 18 more yards. Then Calabray barely missed another Perata heave as the ball was deflected away from the Buc fullback at the last moment.

With the ball on its 14, Los Gatos fumbled when James was hit hard by two Buc linemen. In two plays the Bucs scored with Calabray making his second touchdown. Yamashita made the 20th point.

By now only three minutes were left and the visitors wisely ran time-consuming line plays. The game ended with Los Gatos in possession on their 48-yard line.

Final score: Cats 27, Bucs 20.

Adult Cage Loop Starts Play Dec. 5

The Adult Basketball program starts its regular league schedule Tuesday, Dec. 5, at the local high school gym.

Bert Robinson, program director, announced yesterday that the "B" division will hold forth on that night. Two days later, Thursday, Dec. 7, the "A" group will swing into action.

There are still openings for one more team per division. Robinson said that the Thursday league plays a faster brand of ball due to more experienced personnel.

Each division will play a round-robin schedule twice. The winners of both halves will meet to decide the team to play the other ultimate loop victor.

There are more than 7500 miles of passages, drifts, crosscuts, tunnels and shafts in the copper mine at Butte, Montana.

Battle Against TB Far From Won, Says Assn. Head

The fourty fourth national annual Christmas Seal sale got underway with the mailing of 89,000 letters containing Christmas seals. Proceeds of the 1950 Seal Sale will be used to carry out the tuberculosis prevention and control projects of the Santa Clara County Tuberculosis Association during the coming year. Mrs. Laurence Hill is the Campbell chairman.

Dr. John von Saltza, president, said "The battle against tuberculosis in Santa Clara County is far from won, although, thanks to the combined efforts of medical society and the health department and the tuberculosis association, we have made gains against the disease."

"In the past five years 118,234 persons have been X-rayed on the association's mobile unit. Last year 29, 308 were X-rayed with 72 active cases found. All of these did not even know they were sick. These people, who may innocently be spreading their disease, must be found and placed under treatment for their own sakes and for the good of the community."

For this reason Dr. von Saltza pointed out, the association's case finding activities must continue. The case finding projects of the association during 1951 will include community, industry and school chest X-ray surveys.

Seal sale funds will also pay for health education and research. Dr. von Saltza urged the public to buy and use Christmas seals generously. The current sale will continue through Christmas Day.

Petitioners In Two Subdivisions Ask Campbell Postoffice Service

Petitions asking inclusion of El Quito Park subdivision in the Campbell Postoffice service area are being circulate din the tract this week, according to reports. The subdivision, at present, is served by the Saratoga Postoffice which has made application to the Postmaster General in Washington for establishment of a rural route for the tract. Petitions will be submitted to the First Assistant Postmaster General in Washington, D.C.

In addition to Quito Park tract, builders of San Tomas Orchards subdivision, which will contain 363 individual homes, have asked for Campbell Postoffice service. Construction has already been started in the tract and plans call for completion in one year. El Quito Park has 220 homes.

In na letter to Campbell Postmaster Ira Grim, W. O. Logan of the Tomas Construction Company, said his concern seeks Campbell service since this is a first class postoffice.

According to reports, the Quito Park and Tomas Orchards tracts will be under the Campbell telephone exchange. The area is included in Campbell High School district.

San Tomas sub-station is the nearest postal facility to the two sections. Campbell Route 2 will adjoin the new tracts at McCoy and Quito Roads.

Ada Rebekahs Conduct Officer Nominations

Second nomination of officers was conducted at the meeting of Ada Rebekah Lodge 223 Tuesday evening in the Campbell IOOF Hall. Noble Grand Helen Wrigglesworth presided, assisted by Melba Penhall, vice-grand.

In response to a communication from the Red Cross recreation service at Agnews State Hospital, members voted to sponsor a ward Christmas party there.

The Anchor of Fraternity was presented to the lodge by Velma Cotanch, noble grand of Saratoga Rebekah Lodge 337, after which refreshments were served in the banquet room by the noble and vice grands and their committee.

Among Saratoga lodge members at the meeting was Hazel Thomsen, District Three deputy president. Members of both lodges enjoyed a gala costume party at which prizes were awarded for the best costumes. The Saratoga members presented a program.

Past Noble Grands' night will be observed at the December 6 meeting, with Madge Wyse serving as evening chairman.

Local Hi-Y Teams Eye Invitational Basketball Tourney

Four Hi-Y teams from Campbell are tentatively scheduled to play in next month's Invitational Basketball Tournament at the San Jose YMCA.

Sponsored by the San Jose Y's Men's club, the tourney will be held Dec. 19, 21, 22 and on Dec. 28 and 29 of the following week.

According to Jack Smith, supervisor of the local area, this year marks the first time the Campbell teams will participate in such a county-wide event.

Managers and team rosters will be determined at the meetings following the holiday vacation.

National Amateur Basketball rules will prevail except in the ensuing cases: 1) Teams will not be required to have suits but numbered uppers for their players will aid the scoring officials; 2) Games will conssit of 8-minute quarters with one minute between quarters and 10 minutes between halves; 3) Decisions of officials shall be final and continued unsportsmanlike conduct will warrant forfeiting the game to the opponents; 4) Teams must be ready to play with at least four eligible players within 10 minutes after scheduled game time or suffer a forfeit; 5) No player shall be allowed to remain in the game after his fifth foul.

Tournament rules definitely state that all players must be bona fide members of the Hi-Y club for which they play.

There will be no entry fee and trophies will be awarded for places. The affair will be conducted on a double-defeat-and-out basis.

No team may use more than two members of any high school team, either A, B, C or D, during the 1950-51 basketball season.

Before entering the Navy, he was graduated from Los Gatos High School at Los Gatos.

Donald K. Morley, 18, who graduated from Campbell High School last June, has enlisted in the U.S. Air Force for four years. The son of Mr. and Mrs. John P. Morley, 441 El Patio Avenue, Campbell, has been assigned to Lackland Air Force base at San Antonio, Texas.

Pfc. Donald J. Adams has been transferred to another radio school, this one at Scott Field, Illinois. Adams, son of Mr. and Mrs. Herold F. Adams, enlisted in the Air Force two months ago and was sent to Keesler Field, Miss., after completing training at Lackland Air Force base. The Keesler center offered radio-radar training, not the radio field which young Adams wanted, so he moved again to Scott Field.

With the First Marine Aircraft Wing in Korea,

Marine Staff Sergeant Hillmer F. DeAtley of Blossom Hill Road, Los Gatos, is a member of a Marine all-weather fighter squadron which has proved to United Nations forces and the enemy alike its ability to keep punching 24 hours a day.

Marine DeAtley's squadron, flying the twin-engine F-7-F "Tigercats" is commanded by Lieutenant Colonel M. J. Volcansek, Jr., of Eveleth, Minnesota, It is the skipper's proud boast that, "My boys never rest."

The squadron was the first to operate off Kimpo Airfield following the Inchon invasion. Since then its pilots have operated as both day and night fighters, ranging the entire length of the section of Korea still in enemy hands.

During daylight missions, the pilot flies alone, but at night his plane also carries a non-commissioned officer who operates the plane's radar in the rear seat. This electronic "eye" sees through the dark and fair weather alike, guiding the planes to their targets and keeping them clear of hills and mountain tops.

During daylight missions, the pilots attack specific targets in direct support of infantry units. In their taste of combat during the Korean war, the F-7-Fs have been acclaimed by Marine leaders as "highly successful."

The dome of San Francico's city hall rises 308 feet above the ground level—16 feet higher than the National Capitol at Washington.

Robert Wurfers, Former Residents, Aid Chest Drive

Campbell may well be proud of two of its former residents now living in Burlingame, who have the interst of their former community at heart.

The Campbell Press received a letter from Mr. and Mrs. Robert Wurfer Sr., 2300 Ralston Avenue, Burlingame, with the following information:

"I am enclosing a check for $2 for the community fund. We have been approached by a local worker here in Burlingame and thought we had done our share by giving here, but later we read in your paper that it does not help Campbell. So, as we are still home owners in Campbell and intend to come back to Campbell sooner or later, we feel that we should help the community fund there, too.

"Hoping it is not too much trouble to give the enclosed to the right person, we remain,

Sincerely yours,
Robert and Ella Wurfer"

Public Relations Program Planned

At a meeting of the public relations committee of the Campbell branch of the California Teachers' Association, held Tuesday evening at the home of Miss Angie Perry, plans were outlined for a public relations program for the coming year. Present were Mrs. Thelma Wathen, Miss Alice Cromar, and Miss Perry from Campbell school, and Mrs. Evelyn Cassiday and Mr. Bruce Bondelie of Moorpark.

General objectives were set to improve understanding between the teachers and the public, both those who have children in school and those who have none. An attempt will be made to discover which points in the school program are not approved or not understood by the public. It was stressed that the teacher herself is a one-person public relations bureau in her contacts with parents, children and others.

The need for arousing a more widespread interest in school problems among the people without children in school was noted. Methods suggested were: establishment of a speakers bureau, radio programs, teacher participation in community groups, county fair and other exhibits, participation of teachers in board meetings, and invitation of civic leaders to CTA meetings.

The group was also reminded of the coming CTA Christmas party and dinner.

The Campbell CTA has adopted as its motto: "We are going to be what we want people to think we are—and then broadcast it."

Telephone service is still a bargain.. for since 1940, rates have gone up much less than the cost of living.

GOOD FRIEND OF THE FAMILY BUDGET
The telephone actually takes less of it than in 1940

1. **Seems like the prices of** most things you buy have about doubled, in the last ten years Among the standout exceptions is your telephone service. There have been rate increases, of course, to help meet increased costs of furnishing service... higher wages, higher prices for materials, higher costs generally But telephone rates have gone up far less than most other things. And that's only part of the story.

2. **Telephone installers are** making your service a better all-around bargain, too. When you buy a pound of something, you still get sixteen ounces...although the price may have doubled. Twelve items still make a dozen. But not so with telephone service. Your telephone dollars buy, on the average, twice as many available connections as ten years ago. .for we've more than doubled the system in that time.

3. **Today you can call** more of the people you want to call...many more people can call you. And the calls you get are often more important than the calls you make. Yet average telephone rates have gone up less than half as much as the cost of living generally. They're up much less than our costs of providing service It all comes down to this: Today telephone service can be purchased for fewer hours of work than in 1940. Your telephone is a mighty good friend of the family budget

SAFETY AT SCHOOL

Our school is putting on a safety campaign. In every room teachers and children are talking about what we can do to keep from having accidents on the playground. We are writing stories, poems and slogans. We are also making posters which will be put up in the halls and classrooms.

Here are a few of the rules that help us remember:

1. Be polite when playnig with classmates; 2. Always obey the school safety patrol. 3. Be careful when using playground equipment. 4. Wait in line at the drinking fountain. 5. Be careful on a rainy day. 6. Don't go around where they play baseball. Even if you're short or tall, You don't belong there at all.

—Alice Cromar's 5th grade.

The pupils of the seventh and eighth grades of the Campbell School have an activity hour. The various groups meet with their instructors every Monday, Wednesday and Friday during the third period of the day.

A variety of activities is offered for the students at the beginning of the year. They have a choice of three. Each of the children will get one of their chosen activities. Some of the activities are dramatics, boys' cooking, audio-visual and glee club.

The reason an activity program is sponsored is to help develop talent. Activities are helpful as well as fun.

AUDIO-VISUAL TEACHING AIDS DESCRIBED AND DEMONSTRATED FOR SAN TOMAS PTA GATHERING

An interesting talk on audio-visual aids was presented by Mrs. Ruth Stuart, coordinator of the Campbell School District, at the San Tomas Parent-Teacher Association meeting last Thursday.

Mrs. Stuart, who was introduced by the vice-president, Mrs. Cris Miller, told the group audio-visual aids play a big part in today's educational program because they tie right in with the Three R's—reading, writing and arithmetic. Children learn through eye, ear, and by doing. "Audio," pertaining to the ear, and "visual," pertaining to the eye, methods teach children more readily.

Mrs. Stuart illustrated with charts how pictures, maps, charts, globes, posters, records, booklets, radio, dioramas, dramatic activities, field trips, slides and, one of the most important, film strips, are used in educating children today. These methods tend to train children by helping them to observe, make quick decisions and help hold their attention during classroom sessions. They also promote growth in personal behavior through training in self control, courtesy, cooperation, good work habits, neatness and punctuality.

"Authorities agree that one remembers 10 percent of what he reads, 30 percent of what he hears, 50 percent of what he sees and 70 percent of what he does," Mrs. Stuart stated.

A film strip, "Firemen at Work", was used as a demonstration by Mrs. Jacqueline Parton, second grade teacher, and six pupils, Donna Norris, Carol Lloyd, Judith Klassen, Chester Welch, Gary Hart and Ronnie Oburn. While the film strip was being projected, Mrs. Parton asked students questions pertaining to the different pictures, after which each child drew on paper a picture of something he had observed in the film strip. Interesting results were obtained and members found it remarkable to see what had been accomplished in one lesson.

Executive board members met in the teachers' room, with Mr. William Shuey, principal. Mrs. Ray Martin, president, presided. Mrs. Patricia Freeman, as delegate for the teachers, discused plans for a Christmas party with the board.

Open house was held in each classroom prior to the meeting, to provide opportunity for parents to witness work of the children.

Mrs. Ray Martin opened the meeting with the Pledge of Allegiance and read the inspirational. She also read a letter from Mrs. H. J. Mirassou, recreation chairman, who suggested group participation at home with the children. Games and ideas were mentioned whereby parents and children could have a happier home life together.

Music Fund

Mrs. Martin suggested that a memorial fund be established in memory of Mrs. Sylvia Herman who passed away recently, the fund to be used by Mrs. Patricia Freeman, music chairman, to promote the music program at the San Tomas School. On the motion of Mrs. E. Fore, the members unanimously adopted the proposal.

Mr. Shuey announced that the bond election will be conducted December 14. In a joint announcement, Mr. Shuey and Mrs. Cris Miller said each of the PTA meetings during January, February and March will be supplemented by a panel discusion.

The Christmas party for all San Tomas school children will be an event of December 15. Each teacher will have a party in her own classroom for her pupils. Santa Claus will visit each classroom and each room is planning to have a grab bag for the children. The PTA will furnish the refreshments and candy for the children.

Mrs. A. T. Hill will be the PTA civilian defenses chairman, and Mrs. Chester Brott, who was hostess, will be representative for the carnival fund.

Mrs. Parton won the room count. Mrs. Gladys Long had charge of refreshments. Sixth grade mothers furnished cupcakes for the group.

St. Lucy's Evening Guild will hold its social meeting at the home of Laura Anello, 645 W. Parr Avenue, at 7:30 p.m. Tuesday, November 28. Co-hostess will be Connie Starkey.

Favors Bonds

The Campbell branch of the California Teachers Association has announced that they are completly in accord with the passage of the coming school bonds and bond authorization in December.

The group feeles that in view of the tremendous growth in the Campbell area the bringing of the district up to its bonded capacity and the acceptance of state money is thee only solution if this area is to maintain its present status in the educational system. At present, plans for the coming year include double sessions, with more to come.

Mr. E. W. Barnes,
The Campbell Press,
Campbell, Calif.

Dear Mr. Barnes,

Our reception by the good people of Campbell during the time we have been in business here is very gratifying to us. They have accepted us wholeheartedly. Our business has been very much better than we had ever anticipated that it would be. So, at this time we would like to take this opporunity to humbly thank all our new friends and customers, as well as the old, in the Campbell area.

We realize, of course, that without the help of the Campbell Press and the Campbell Press Shoppers' Guide we would have not enjoyed the success that it has been our good fortune to have. The low combination cost and wide circulation of the Press and Shopper have contributed very materially to our success in the few short months that we have been in business in Campbell.

In closing we would like to say that we have the utmost confidence in the people, the businessmen and the press of Campbell, and look forward to many years of continued relations with them.

Very sincerely yours,
Leonard A. Estensen

Jack Bray Captures First Turkey Trot At Campbell High, Wins 27-lb. Gobbler

With the majority of the student body cheering their favorites lustily, Jack Bray panted across the finish line to cop the first annual Handicap Turkey Trot at Campbell high last Friday afternoon.

A surprisingly large turnout saw Bray outlast Manuel Macias by a scant few yards. Right on their heels came Bob Glenzer and Ray Williams. The winning time for the 1 1/5 mile course was 5:59.7 minutes.

As a reward for his achievement Bray received a 27-lb. turkey and hearty congratulations from the student-elected queen, Miss Barbara McBain.

The other three prizes were a duck, chicken and a dove.

Naturally the ever-present consolation prize was awarded. The fortunate recipient of one baby chick was Bill Baxter.

Ironically enough, Bray refused to enter the trot several weeks ago. But upon prompting and cajoling he finally signed up much to the consternation of his opponents.

Rod Kolze, varsity trackman who captured the SCVAL mile last year, failed to show, finishing far in the rear.

Several of the runners added a carnival touch to the affair.

They showed for the 12-furlong trek gayly garbed in long woolies, sundry girlish bathing suits and crowned with hats (feminine) of the silliest descriptions.

So striking and well-accepted were these unexpected costumes that Junior Morgan, director of the race, will include them on next year's program. Prizes also will be awarded to the best-dressed Beau Brummel come 1951.

The entire affair was conducted on a smooth plane considering its newness. But Morgan stated that a few innovations will be included next fall.

Due to the large crowd, a public address system will be utilized. A rope across the finish line will be installed also. Thus the contestants will be assured a fairer shake in close finishes and the spectators will be kept from harm's way.

Tentatively speaking at such an early stage, Morgan said that additional prizes on the whole will be offered.

All participants, fans, and officials agreed with the handicaps meted to various runners, and in all school activities of this nature, a bit of petti-fogging prevailed.

"Big Bill" Gregg, one of the biggest and slowest men in the race, started from scratch along with Kolze. As Gregg sprinted out of sight he was picked up by members of the physical education staff who drove him around the course in a car.

Just before they re-appeared, the culprits discharged their grateful passenger. In turn, Gregg, according to the well-conived plan, sprinted toward the finish line.

And acting his part out to perfection, the amiable runner feinted a faint (or vice-versa) a few yards from the final marker.

Many of the spectators, ignorant of the ruse, were thoroughly duped by running onto the track to render any needed assistatnce.

After a few moments they caught the prank and reacted accordingly with laughs and good-natured remarks.

It is rumored that two of the slower boys were still running the race, stubbornly refusing to quit. They were last seen floating down the Los Gatos creek toward the San Francisco bay. Morgan is unavailable for comment.

FOOTLIGHTERS HAVE PREVIEW OF 'BLITHE SPIRIT'

Bert Legg assumed official duties as new president of the Footlighters Club when it gathered for its monthly session Tuesday evening, November 14, at the Barn.

Final arrangements were made for the forthcoming production of "Blithe Spirit" by Noel Coward, which the club will present on the evenings of December 7 and 8 at 8 o'clock in the Campbell Grammar School auditorium. Both performances are beng sponsored by the grammar school's music department as a means of raising funds to purchase new musical instruments.

Tickets for the show are now on sale and may be obtained from pupils of Campbell, Moorpark and San Tomas schools or from any member of the Footlighters club.

During the meeting, President Legg appointed the working committees for the year and outlined a plan for the coming year. BOB SAIA WINS JAYCEE CONTEST ON 'I SPEAK FOR DEMOCRACY'

Bob Saia was the winner of the "I Speak for Democracy" contest sponsored by the Campbell Junior Chamber of Commerce. The local judging was concluded at the business meeting last week with the Jaycee membership serving as judges. Because of the excellent quality of the speeches, choosing a winner was a difficult task. Judging was done on originality, text and presentation. Saia will be presented with the prize, a radio, donated by the Jaycees through the cooperation of Frank Accardi of Accardi's Appliances.

The winner's speech will be recorded by radio station KEEN and sent on to Sacramentto for judging in the State competition. If he wins, which Jaycees hope, the record will be sent in to national Jaycee headquarters where four winners will be chosen to receive a $500 scholarship plus an all-expense-paid trip to Washington, D. C., to meet the President of the U. S. and other national figures.

To add to local interest, the winner was featured in a 15 minute broadcast over radio station KEEN at 4:15 Saturday Nov. 18th.

This contest was conducted in the Campbell High School under the supervision of Laurance J. Hill and Ken Wallace. The efforts of the two groups were coordinated by Frank Pierson of the Campbell Jr. Chamber of Commerce.
